MEET OUR FESTIVAL AMBASSADOR

COSTA GEORGIADIS

It's an absolute pleasure to be coming back to Griffith and to be part of Griffith Spring Fest for 2022. Griffith holds a very special place in my heart as I was part of the event in 2015 and 2016. It was an experience that I still speak about everywhere I go around the country!

The Griffith community made me feel so welcome during my stay. From the moment I touched down at the airport, the paella night to the incredible gardens and the full tilt passionate gardeners, and WOW what about those Citrus Sculptures? It was no contest when I was asked to come back again this year.

I am really looking forward to returning and seeing familiar faces again, making new friends and exploring the gardens, the landscapes and the sculptures in a whole new light. Regional events like this put places on the map and to all the individuals behind the scenes, the volunteers who do this because they love it and love their part of the world, I respect and acknowledge you all.

My Pappou (grandfather) was a market gardener and that's where I learnt about growing food. My grandmothers were the ones who taught me the importance of cooking and eating. My Pappou was obsessed with composting and building up the soil.

I believe in embracing and celebrating mother nature's cycles and seasons, and nurturing her balance, beauty and bounty organically. My holistic approach is all about gardening the soil and the soul.

"Get growing. Back yourself and make mistakes. It's your mistakes and observations that are your greatest tutors." See you out in the gardens or at one of the many planned events!

GARDEN ONE

GERINE HITCHCOCK

This town garden set on a quarter acre, has slowly evolved over 35 years. The front garden features a handmade retaining wall to resemble natural rock and a Japanese-inspired nature strip, planted with native plants. Gravel paths lead you through the front to the tranquil garden out the back with water features placed in garden beds. Star jasmine and murrays are trained along the fences, accompanied by plantings of irises, magnolias, crepe myrtles and a variety of other plants scattered throughout the garden.

It has recently been extended to compliment the original garden, featuring an abundance of roses and cottage plants. Visitors can wander through the many different sections of this expansive garden enjoying the rose arbours, and colourful walkways. Throughout this setting, sunshine gates, cast iron water fountains, a Furphy water cart and various other Australian memorabilia add character to this beautiful rural garden. This spacious botanical garden is rich with hundreds of roses of all colours, sizes, shapes and textures. Surrounded by a range of beautiful orange trees and a vineyard, this garden truly captures the magic of our festival. Hedged by a wall of roses, flowering trees and a variety of shrubs, this garden has many rooms to explore. An idyllic gazebo and jetty over the picturesque pond complete the property. 'Davit Farm' is a constantly evolving, gracious, three-acre garden divided into large spans, with French and Italian influences. The main delights include a formal lily pond, a Monet Lake and bridge, a white-trunked forest in which a huge sculpture, 'Irony', resides, a May and Mulberry walk, species rose garden, beautiful bronzes and spectacular dry stone work. Every seat has its purpose whether it be to enjoy the view, a cuppa, a beverage or a chat with an old friend.

Providing: Morning tea, afternoon tea and lunch

GARDEN FIVE

TRESA & GINT QUARISA

281 North Kooba Settlers Road, Willbriggie

Drive through the sandstone and wrought iron gate down the avenue of gumtrees to an 18-year-old country garden. An avenue of manchurian pears leads you to a roundabout of 'Peace Roses' in a ligustrum hedge. You will find a feature to the side where you can sit and relax under the pillars of a rotunda or just enjoy a stroll around the rural garden. The view from the courtyard at the back of the house has a pond behind a colonnade of wisteria, which edges expansive lawns and cottage style flower beds.

Providing: Morning and afternoon tea

(See pg. 20 for times)

GARDEN SIX

ELEANOR & PHIL HANCOCK

273 Rossetto Road, Bilbul

“Our family immigrated to Australia in 1966. In 1967, we bought a run-down farm on Rossetto Road, Bilbul. The house was surrounded by a derelict apricot orchard so I started mowing part of it, removing dead trees and planting some bushes. The last 55+ years have seen gradual improvements until what you see today – a lovely inviting yet practical space. With the exception of the two huge pepper trees on the western side I have been the lucky one to decide the shape of the beds and the plants in them. What fun! Enjoy!” – Eleanor Hancock.

Providing: Morning and afternoon tea

Added attractions: Morella Grove stall and Kim’s Runabout Coffee Van

Supporting: Yenda Inner Wheel Club Inc.

GARDEN SEVEN

EMERI DE BORTOLI

1 DeBortoli Road, Bilbul

Emeri's garden is at the heart of the De Bortoli winery, set on 14-acres of land lovingly put aside by her late husband Deen De Bortoli. Emeri is a passionate gardener and is often seen pottering around tending to her ever changing and expansive grounds. The garden has a beautiful collection of both hardy natives and exotic specimens that tolerate Griffith's extreme climates whether it be summer or winter. Among the many features of the garden you can find dry river beds, dry stone walls, a cherry blossom walk, European inspired folly, all topped off by a superb native billabong garden created by Phillip Johnson Landscapes.

Providing: Lunch on Saturday and Sunday

Added attractions: Plant stalls. Wine tastings at De Bortoli Wines Cellar Door (Bookings essential via De Bortoli Wines website). Tambourine Art Studio Spring Fest Paint & Sip (See pg. 20 for times)

Supporting: Local charities

GARDEN EIGHT

SALLY JONES

'Yambiana' Garden founder, the late Patricia Jones

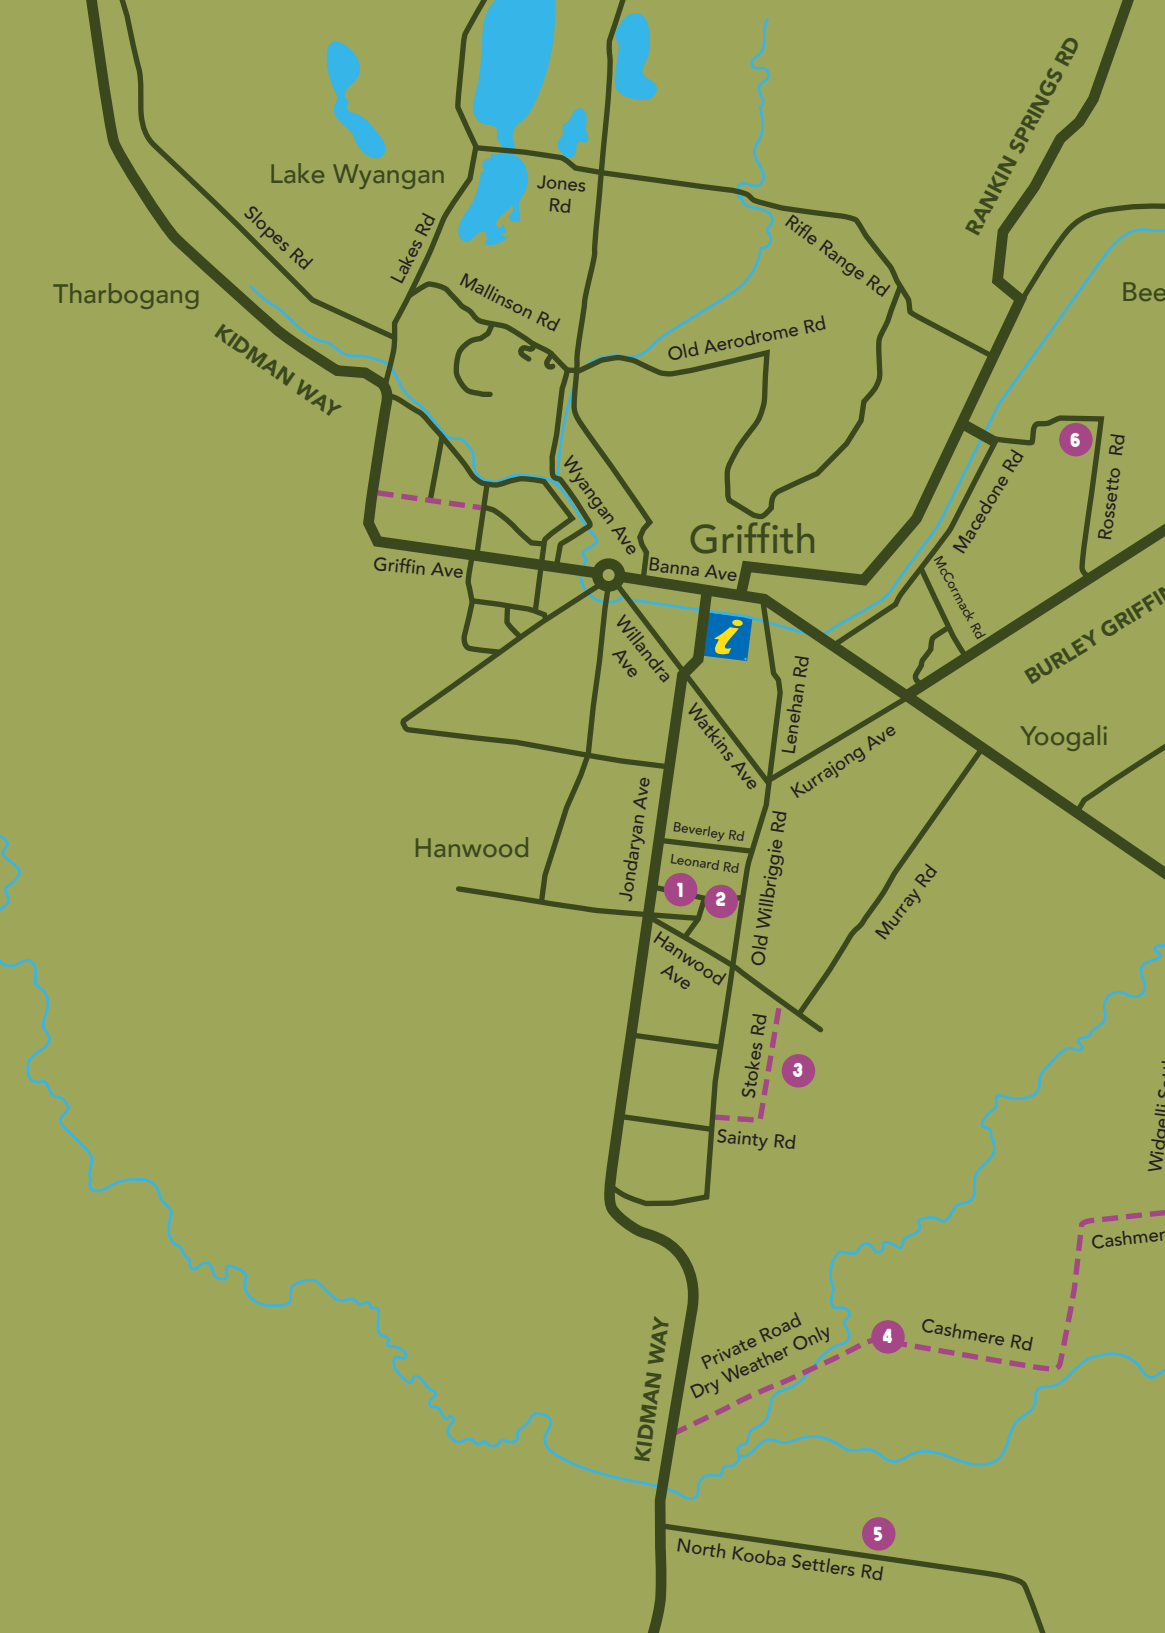

69 Halse Road, Yenda

The garden at 'Yambiana' is an expansive, tranquil, regenerative garden located on the Mirrool Creek. The tree canopies form microclimates for understory plants, with species ranging from tropical to hardy. As well as a source of mental nourishment, the grounds provide fresh food. Citrus, vegetables, passionfruit, berries and herbs are integrated into the plantings. Both vegetation and flowers add colour to the garden, highlighted by a verdant green kikuyu lawn.

Providing: Snacks and cold drinks

Added attractions: Stalls including Griffith Genealogical and Historical Society, Wormtech, Mirrool Cottage, The Vinegar Factory & The Jojoba Company
